

## **TRADE ME**

### **Objective**

To learn how to register and operate a TradeMe account for selling and buying items of every description.

### **Description**

Learn how TradeMe auctions work and gain hands on experience in setting up a TradeMe account as well as how to adjust account settings.

Learn about this Internet phenomenon, the second most visited website in New Zealand after Google New Zealand.

### **Prerequisites.**

Basic skills in using a computer are necessary, including the use of files and folders, and how to use external storage such as a CD or flash drive. Competence in using email and the internet are essential. You need to know your email User Name and Password to make any progress with this course.
